

# How to find us

To get to ID-Consult drive on the „Mittleren Ring“ coming from the east crossing the Isar river into the “Brudermühltunnel”. In the tunnel you take the right way out (B11). At the light after the tunnel turn left. Now you are in „Plinganser Straße“, which turns into the „Wolfratshausener Straße“ and leads you directly to Solln.

Coming from the west please follow the „Mittleren Ring“. Then turn to “Garmisch” (A95) drive to „Aidenbachstraße“ turn left into „Siemensallee“ and go on until „Wolfratshausener Straße“ (the end of „Siemensallee“). Here (traffic light) you turn right to Solln.

At the beginning of Solln turn left at the first bigger crossing with a traffic light (Dresdner Bank) into “Friedastraße”. At the next crossing you reach Irmgardstraße number 1. Do not pass the railway-bridge.

You can find parking spaces in the streets nearby.

From the S-Bahn (suburban train S7 or S27) get off of the train against the driving direction. In the underpass take the right way and follow the „Friedastraße“ to „Irmgardstraße“. (3 minutes walk)
